Author index

Volume 35 (1996)

Admiraal, R.J.C., see Huygen, P.L.M. **35**, 143
Athanassiou, M., see Kontzoglou, G. **35**, 223
Austin, M.B., see Tavill, M.A. **35**, 263

Baldacci, E.R., see Pedra, C. **35**, 39
Bassila, M., see Gereau, S.A. **35**, 11
Berkovits, R.N.P., see Hoeve, L.J. **35**, 251
Berkowitz, R.G., see Sdralis, T. **35**, 25
Bloemenkamp, D., see Dejonckere, P.H. **35**, 107
Bower, C.M., see Lawhorn, C.D. **35**, 19
Brodsky, L., see Emami, A.J. **35**, 271
Brook, I., Treatment of aspiration or tracheostomy-associated pneumonia in neurologically impaired children: effect of antimicrobials effective against anaerobic bacteria **35**, 171
Brown, Jr., R.E., see Lawhorn, C.D. **35**, 19
Brown, O.E., S.C. Manning, Microbial flora of the subglottis in intubated pediatric patients **35**, 97
Bussi, M., M.T. Carlevato, B. Panizzut, L. Majore, F. Giaretta, P. Omedé, Expression of antigens associated with the individual stages of the inflammatory response in child and adult as a possible distinctive method for recurrent and chronic tonsillitis **35**, 243

Calori, G., see Pignataro, O. **35**, 231
Cano, A., see Mora-Magaña, I. **35**, 59
Carlevato, M.T., see Bussi, M. **35**, 243
Cluterio, B., see Gereau, S.A. **35**, 11
Collado-Corona, M.A., see Mora-Magaña, I. **35**, 59
Cordaro, C.I., see Pignataro, O. **35**, 231

Dagan, R., see Kaplan, D.M. **35**, 89
Dejonckere, P.H., G.H. Wieneke, D. Bloemenkamp, J. Lebacq, Fo-perturbation and Fo/loudness dynamics in voices of normal children, with and without education in singing **35**, 107
Derkay, C.S., see Kosko, J.R. **35**, 31
Donnelly, M.J., D. Lacey, A.J. Maguire, A twenty year (1971–1990) review of tracheostomies in a major paediatric hospital **35**, 1

Ejzenberg, B., see Pedra, C. **35**, 39
Elidan, J., see Sichel, J.-Y. **35**, 213
Emami, A.J., L. Brodsky, M. Pizzuto, Neonatal septoplasty: case report and review of the literature **35**, 271
Eskici, O., see Hoeve, L.J. **35**, 251

Fishman, A.J., N. Sculerati, Database for sensorineural hearing loss **35**, 155
Fliss, D.M., see Kaplan, D.M. **35**, 89
Friedman, R.A., E. Wood, S.M. Pransky, A.B. Seid, D.B. Kearns, Nager acrofacial dysostosis: Management of a difficult airway **35**, 69

Gallus, G., see Pignataro, O. **35**, 231
Gereau, S.A., G.C. Navarro, B. Cluterio, E. Mullan, M. Bassila, R.J. Ruben, Selection of pediatric patients for use of the Passy-Muir valve for speech production **35**, 11
Giaretta, F., see Bussi, M. **35**, 243
Gocmen, A., see Ozcelik, T. **35**, 165
Gomori, J.M., see Sichel, J.-Y. **35**, 213
Gurcan, B., see Ozcelik, T. **35**, 165

Hamamoto, M., see Harabuchi, Y. **35**, 117
Harabuchi, Y., M. Hamamoto, H. Kodama, A. Kataura, Spontaneous immunoglobulin production by adenoidal and tonsillar lymphocytes in relation to age and otitis media with effusion **35**, 117
Harris, J.R., see Kværner, K.J. **35**, 127
Harty, M.P., see Mahboubi, S. **35**, 197

Hoeve, L.J., R.N.P. Berkovits, O. Eskici, C.D.A. Verwoerd, Acquired laryngeal stenosis in infants and children treated by laryngofissure and stenting **35**, 251
Hubbard, A.M., see Mahboubi, S. **35**, 197
Huygen, P.L.M., R.J.C. Admiraal, Audiovestibular sequelae of congenital cytomegalovirus infection in 3 children presumably representing 3 symptomatically different types of delayed endolymphatic hydrops **35**, 143

Kaplan, D.M., D.M. Fliss, M. Kraus, R. Dagan, A. Leiberman, Audiometric findings in children with chronic suppurative otitis media without cholesteatoma **35**, 89
Kataura, A., see Harabuchi, Y. **35**, 117
Kearns, D.B., see Friedman, R.A. **35**, 69
Kerridge, D.H., see Porter, M.J. **35**, 51
Kiper, N., see Ozcelik, T. **35**, 165

Subject index

Volume 35 (1996)

Acetaminophen; Myringotomy; Analgesia; Lidocaine; Ibuprofen **35**, 19

Acoustic trauma; Noise-induced hearing loss; Evoked otoacoustic emissions; Lightning **35**, 59

Acquired cicatricial subglottic stenosis; Subglottic microbial flora; Pathogenesis of acquired subglottic stenosis **35**, 97

Acquired laryngeal stenosis; Laryngofissure; Larynx stent; Infants; Children **35**, 251

Acute otitis media; Tonsillitis; Sinusitis; Asthma; Childhood eczema; Hay fever; Nettle rash; Atopies; Co-morbidity **35**, 127

Adenoidal lymphocytes; Tonsillar lymphocytes; Immunoglobulin; Otitis media with effusion; Chronic sinusitis **35**, 117

Airway obstruction; Tonsillitis; Tonsillectomy; Sleep apnea syndromes; Blood loss surgical **35**, 25

Anaerobic bacteria; Aspiration pneumonia; Tracheostomy; Antimicrobial therapy; Clindamycin; Ticarcillin-clavulanate; Ceftriaxone; Neurologically impaired **35**, 171

Analgesia; Myringotomy; Lidocaine; Acetaminophen; Ibuprofen **35**, 19

Antimicrobial therapy; Aspiration pneumonia; Tracheostomy; Anaerobic bacteria; Clindamycin; Ticarcillin-clavulanate; Ceftriaxone; Neurologically impaired **35**, 171

Aperiodicity; Voice; Singing voice; Education; Fundamental frequency; Jitter; Laryngograph; Electroglottography; Loudness **35**, 107

Aphtha; Trauma **35**, 39

Aspiration pneumonia; Tracheostomy; Anaerobic bacteria; Antimicrobial therapy; Clindamycin; Ticarcillin-clavulanate; Ceftriaxone; Neurologically impaired **35**, 171

Asthma; Acute otitis media; Tonsillitis; Sinusitis; Childhood eczema; Hay fever; Nettle rash; Atopies; Co-morbidity **35**, 127

Atopies; Acute otitis media; Tonsillitis; Sinusitis; Asthma; Childhood eczema; Hay fever; Nettle rash; Co-morbidity **35**, 127

Audiometry; Chronic suppurative otitis media without cholesteatoma **35**, 89

Auditory brainstem responses; Cystic fibrosis; Hearing loss **35**, 165

Blood loss surgical; Tonsillitis; Tonsillectomy; Sleep apnea syndromes; Airway obstruction **35**, 25

Carbocysteine monohydrate lysine salt; Meta-analysis; Mucoactive; Carbocysteine; Otitis media **35**, 231

Carbocysteine; Meta-analysis; Mucoactive; Carbocysteine monohydrate lysine salt; Otitis media **35**, 231

Ceftriaxone; Aspiration pneumonia; Tracheostomy; Anaerobic bacteria; Antimicrobial

therapy; Clindamycin; Ticarcillin-clavulanate; Neurologically impaired **35**, 171

Cesarean section; Recurrent respitory papillomatosis; Transmission **35**, 31

Child abuse; Esophageal performation; Pediatric; Thoracic trauma **35**, 263

Childhood deafness; Cytomegalovirus; Vestibular areflexia; Endolymphatic hydrops **35**, 143

Childhood eczema; Acute otitis media; Tonsillitis; Sinusitis; Asthma; Hay fever; Nettle rash; Atopies; Co-morbidity **35**, 127

Children; Acquired laryngeal stenosis; Laryngofissure; Larynx stent; Infants **35**, 251

Children; Database; Computer; Deafness; Genetics; Molecular biology; Hearing Impairment; Hereditary deafness; Non-syndromal deafness **35**, 155

Children; Parapharyngeal abscess; Computerized tomography **35**, 213

Children; β-Thalassemia; Desferrioxamine; Neurotoxicity; Hearing loss **35**, 223

Chronic sinusitis; Adenoidal lymphocytes; Tonsillar lymphocytes; Immunoglobulin; Otitis media with effusion **35**, 117

Chronic suppurative otitis media without cholesteatoma; Audiometry **35**, 89

Chronic tonsillitis; Recurrent tonsillitis; Inflammatory stages; Monoclonal anti bodies **35**, 243

Clindamycin; Aspiration pneumonia; Tracheostomy; Anaerobic bacteria; Antimicrobial therapy; Ticarcillin-clavulanate; Ceftriaxone; Neurologically impaired **35**, 171

Co-morbidity; Acute otitis media; Tonsillitis; Sinusitis; Asthma; Childhood eczema; Hay fever; Nettle rash; Atopies **35**, 127

Computer; Database; Deafness; Genetics; Molecular biology; Hearing Impairment; Hereditary deafness; Non-syndromal deafness; Children **35**, 155

Computerized tomography; Parapharyngeal abscess; Children **35**, 213

Cystic fibrosis; Auditory brainstem responses; Hearing loss **35**, 165

Cytomegalovirus; Childhood deafness; Vestibular areflexia; Endolymphatic hydrops **35**, 143

Database; Computer; Deafness; Genetics; Molecular biology; Hearing Impairment; Hereditary deafness; Non-syndromal deafness; Children **35**, 155

Deafness; Database; Computer; Genetics; Molecular biology; Hearing Impairment; Hereditary deafness; Non-syndromal deafness; Children **35**, 155

Desferrioxamine; β-Thalassemia; Children; Neurotoxicity; Hearing loss **35**, 223

Education; Voice; Singing voice; Fundamental frequency; Jitter; Aperiodicity; Laryngograph; Electroglottography; Loudness **35**, 107

Electroglottography; Voice; Singing voice; Education; Fundamental frequency; Jitter; Aperiodicity; Laryngograph; Loudness **35**, 107

Endolymphatic hydrops; Childhood deafness; Cytomegalovirus; Vestibular areflexia **35**, 143

Esophageal performation; Pediatric; Thoracic trauma; Child abuse **35**, 263

Evoked otoacoustic emissions; Acoustic trauma; Noise-induced hearing loss; Lightning **35**, 59

Foreign body; Nose; Pediatric; Management **35**, 207

Fundamental frequency; Voice; Singing voice; Education; Jitter; Aperiodicity; Laryngograph; Electroglottography; Loudness **35**, 107

Genetics; Database; Computer; Deafness; Molecular biology; Hearing Impairment; Hereditary deafness; Non-syndromal deafness; Children **35**, 155

Hay fever; Acute otitis media; Tonsillitis; Sinusitis; Asthma; Childhood eczema; Nettle rash; Atopies; Co-morbidity **35**, 127

Hearing Impairment; Database; Computer; Deafness; Genetics; Molecular biology; Hereditary deafness; Non-syndromal deafness; Children **35**, 155

Hearing loss; Cystic fibrosis; Auditory brainstem responses **35**, 165

Hearing loss; β-Thalassemia; Children; Desferrioxamine; Neurotoxicity **35**, 223

Hereditary deafness; Database; Computer; Deafness; Genetics; Molecular biology; Hearing Impairment; Non-syndromal deafness; Children **35**, 155

Ibuprofen; Myringotomy; Analgesia; Lidocaine; Acetaminophen **35**, 19

Immunoglobulin; Adenoidal lymphocytes; Tonsillar lymphocytes; Otitis media with effusion; Chronic sinusitis **35**, 117

Inflammatory stages; Recurrent tonsillitis; Chronic tonsillitis; Monoclonal anti bodies **35**, 243

Infants; Acquired laryngeal stenosis; Laryngofissure; Larynx stent; Children **35**, 251

Innominate artery – tracheomalacia; Magnetic resonance imaging of the airway; Magnetic resonance of the innominate artery **35**, 197

Jitter; Voice; Singing voice; Education; Fundamental frequency; Aperiodicity; Laryngograph; Electroglottography; Loudness **35**, 107

Laryngograph; Voice; Singing voice; Education; Fundamental frequency; Jitter; Aperiodicity; Electroglottography; Loudness **35**, 107

Laryngofissure; Acquired laryngeal stenosis; Larynx stent; Infants; Children **35**, 251

Larynx stent; Acquired laryngeal stenosis; Laryngofissure; Infants; Children **35**, 251

Lidocaine; Myringotomy; Analgesia; Acetaminophen; Ibuprofen **35**, 19

Lightning; Acoustic trauma; Noise-induced hearing loss; Evoked otoacoustic emissions **35**, 59

Loudness; Voice; Singing voice; Education; Fundamental frequency; Jitter; Aperiodicity; Laryngograph; Electroglottography **35**, 107

Magnetic resonance imaging of the airway; Innominate artery – tracheomalacia; Magnetic resonance of the innominate artery **35**, 197

Magnetic resonance of the innominate artery; Magnetic resonance imaging of the airway; Innominate artery – tracheomalacia **35**, 197

Management; Foreign body; Nose; Pediatric **35**, 207

Manometric rhinometry; Nasal volume; Nasal cavity; Paranasal sinuses; Postnasal space **35**, 51

Meta-analysis; Mucoactive; Carbocysteine; Carbocysteine monohydrate lysine salt; Otitis media **35**, 231

Molecular biology; Database; Computer; Deafness; Genetics; Hearing Impairment; Hereditary deafness; Non-syndromal deafness; Children **35**, 155

Monoclonal anti bodies Recurrent tonsillitis; Recurrent tonsillitis; Chronic tonsillitis; Inflammatory stages **35**, 243

Mucoactive; Meta-analysis; Carbocysteine; Carbocysteine monohydrate lysine salt; Otitis media **35**, 231

Myringotomy; Analgesia; Lidocaine; Acetaminophen; Ibuprofen **35**, 19

Nager acrofacial dysostosis; Upper airway obstruction; Tracheotomy **35**, 69

Nasal cavity; Manometric rhinometry; Nasal volume; Paranasal sinuses; Postnasal space **35**, 51

Nasal obstruction; Septoplasty; Nasal trauma; Septal deviation; Newborn; Neonatal **35**, 271

Nasal trauma; Septoplasty; Nasal obstruction; Septal deviation; Newborn; Neonatal **35**, 271

Nasal volume; Manometric rhinometry; Nasal cavity; Paranasal sinuses; Postnasal space **35**, 51

Neonatal; Septoplasty; Nasal obstruction; Nasal trauma; Septal deviation; Newborn **35**, 271

Nettle rash; Acute otitis media; Tonsillitis; Sinusitis; Asthma; Childhood eczema; Hay fever; Atopies; Co-morbidity **35**, 127

Neurologically impaired; Aspiration pneumonia; Tracheostomy; Anaerobic bacteria; Antimicrobial therapy; Clindamycin; Ticarcillin-clavulanate; Ceftriaxone **35**, 171

Neurotoxicity; β-Thalassemia; Children; Desferrioxamine; Hearing loss **35**, 223

Newborn; Septoplasty; Nasal obstruction; Nasal trauma; Septal deviation; Neonatal **35**, 271

Noise-induced hearing loss; Acoustic trauma; Evoked otoacoustic emissions; Lightning **35**, 59

Non-syndromal deafness; Database; Computer; Deafness; Genetics; Molecular biology; Hearing Impairment; Hereditary deafness; Children **35**, 155

Nose; Foreign body; Pediatric; Management **35**, 207

Otitis media; Meta-analysis; Mucoactive; Carbocysteine; Carbocysteine monohydrate lysine salt **35**, 231

Otitis media with effusion; Adenoidal lymphocytes; Tonsillar lymphocytes; Immunoglobulin; Chronic sinusitis **35**, 117

Paediatric; Tracheostomy **35**, 1

Paranasal sinuses; Manometric rhinometry; Nasal volume; Nasal cavity; Postnasal space **35**, 51

Parapharyngeal abscess; Children; Computerized tomography **35**, 213

Passy-Muir; Speech development; Tracheotomy; Trans-tracheal **35**, 11

Pathogenesis of acquired subglottic stenosis; Acquired cicatricial subglottic stenosis; Subglottic microbial flora **35**, 97

Pediatric; Esophageal performation; Thoracic trauma; Child abuse **35**, 263

Pediatric; Foreign body; Nose; Management **35**, 207

Postnasal space; Manometric rhinometry; Nasal volume; Nasal cavity; Paranasal sinuses **35**, 51

Recurrent respitory papillomatosis; Cesarean section; Transmission **35**, 31

Recurrent tonsillitis; Chronic tonsillitis; Inflammatory stages; Monoclonal anti bodies **35**, 243

Septal deviation; Septoplasty; Nasal obstruction; Nasal trauma; Newborn; Neonatal **35**, 271

Septoplasty; Nasal obstruction; Nasal trauma; Septal deviation; Newborn; Neonatal **35**, 271

Singing voice; Voice; Education; Fundamental frequency; Jitter; Aperiodicity; Laryngograph; Electroglottography; Loudness **35**, 107

Sinusitis; Acute otitis media; Tonsillitis; Asthma; Childhood eczema; Hay fever; Nettle rash; Atopies; Co-morbidity **35**, 127

Sleep apnea syndromes; Tonsillitis; Tonsillectomy; Blood loss surgical; Airway obstruction **35**, 25

Speech development; Passy-Muir; Tracheotomy; Trans-tracheal **35**, 11

Subglottic microbial flora; Acquired cicatricial subglottic stenosis; Pathogenesis of acquired subglottic stenosis **35**, 97

***β*-Thalassemia;** Children; Desferrioxamine; Neurotoxicity; Hearing loss **35**, 223

Thoracic trauma; Esophageal performation; Pediatric; Child abuse **35**, 263

Ticarcillin-clavulanate; Aspiration pneumonia; Tracheostomy; Anaerobic bacteria; Antimicrobial therapy; Clindamycin; Ceftriaxone; Neurologically impaired **35**, 171

Tonsillar lymphocytes; Adenoidal lymphocytes; Immunoglobulin; Otitis media with effusion; Chronic sinusitis **35**, 117

Tonsillectomy; Tonsillitis; Sleep apnea syndromes; Blood loss surgical; Airway obstruction **35**, 25

Tonsillitis; Acute otitis media; Sinusitis; Asthma; Childhood eczema; Hay fever; Nettle rash; Atopies; Co-morbidity **35**, 127

Tonsillitis; Tonsillectomy; Sleep apnea syndromes; Blood loss surgical; Airway obstruction **35**, 25

Tracheostomy; Aspiration pneumonia; Anaerobic bacteria; Antimicrobial therapy; Clindamycin; Ticarcillin-clavulanate; Ceftriaxone; Neurologically impaired **35**, 171

Tracheostomy; Paediatric **35**, 1

Tracheotomy; Nager acrofacial dysostosis; Upper airway obstruction **35**, 69

Tracheotomy; Passy-Muir; Speech development; Trans-tracheal **35**, 11

Transmission; Recurrent respitory papillomatosis; Cesarean section **35**, 31

Trans-tracheal; Passy-Muir; Speech development; Tracheotomy **35**, 11

Trauma; Aphtha **35**, 39

Upper airway obstruction; Nager acrofacial dysostosis; Tracheotomy **35**, 69

Vestibular areflexia; Childhood deafness; Cytomegalovirus; Endolymphatic hydrops **35**, 143

Voice; Singing voice; Education; Fundamental frequency; Jitter; Aperiodicity; Laryngograph; Electroglottography; Loudness **35**, 107
